

GRAFT

Of Republican State Officials Harmon's Theme

In Address to a Big Audience at Kenton Monday Night

LAMPOONS HIS OPPONENT

In a Dignified Way, and Defends His Own Administration of State Affairs.

Kenton, O., Oct. 18.—Often repeated, the taunt of Warren G. Harding had done nothing during his administration was met in a categorical manner, the Chief Executive last night to an overflowing audience in the Kenton Armory.

The Governor did not leave the capital until after 7 o'clock, and he did not take the stage until after 9 o'clock. Yet an audience of 2,000 people waited patiently for him.

After telling his hearers about the enactment of the tax commission law, the law for the support of insane persons by their families, the law which limited the amount of taxes to be paid under the new quadrennial valuations and other minor measures, Governor Harmon went after the Republican majority in the General Assembly for failing to enact bills which he promoted.

The most important was that to create a state board of control to manage the 20 institutions of the state. This same reform he said, had been recommended by President McKinley and Governor Asa Bushnell, and would, if put into law, save the state hundreds of thousands of dollars.

"It is charged by my opponents that I asked for that bill in order to create a political machine," cried the Governor. "I asked then why it is that I haven't made a political machine out of the 20 boards of trustees now in existence? Don't they know that I can remove every one of them? No, the truth is that I don't want a political machine."

The Governor also sharply criticized the assembly for failing to pass the bill requiring an inventory to be made of state property; the bill to regulate the speeding of automobiles; the bill to require lodging house keepers in cities to make a closer registration of their lodgers; the bill to limit the tax rate to 1 per cent, and the resolution indorsing the Federal income tax.

"Wise are some of the constructive measures which the Republican leaders refused to permit their majority of the General Assembly to enact," said the Governor.

Judge Harmon also took occasion to take up some parts of Warren G. Harding's opening speech at the beginning of the campaign in this city in September. He dwelt especially upon the remark made by Mr. Harding that "everybody knew that the public money was not kept in the treasury, and the knowing people of the state winked at the transgression."

In a dignified way he lampooned his

opponent for the alleged remark that "five issues and no graft" ought to be discussed, and glibly at the weariness of the Republican leaders of the discussion of the graft exposures. Many of his auditors were at the Republican opening, and thus heard individually both sides of the argument.

Governor Harmon paid the usual attention to the treasury incidents, and told his hearers that from what he had seen today "the situation in the Canal Department is very bad." As elsewhere, his auditors displayed the deepest interest in this discussion.

The Governor also declared for a four-year-term for Chief Executives in Ohio, the person elected not to be eligible for re-election. His reason was that no stranger to the office could possibly get squared away in the position before his first term would expire.

He recommended this change in the new constitution.

The meeting here was presided over by T. C. Mahon, the nominee for congress in the Eighth district. Besides Governor Harmon's address there was one by John J. Lentz of Columbus, who devoted himself to a discussion of the tariff as it related to the high cost of living.

Governor Harmon gave part of his time in the same subject. One point he made was that the Federal Government was grossly negligent in overlooking the collection of \$3,600,000 of interest on public funds now deposited in national banks.

"NOT GUILTY" CRIPPEN'S PLEA

WHEN ARRAIGNED IN LONDON FOR THE MURDER OF HIS WIFE.

Trial Started at Once, and it is Thought It Will Be Ended in a Week.

London, Oct. 18.—Not guilty was the plea entered by Dr. Crippen today when his trial for the murder of his wife opened. The trial was started with a speed unknown in American courts. It is thought Crippen will know his fate within a week.

The court room was crowded long before court opened. Lord Alverstone, chief justice of England, is presiding at the trial, and the black cap which English judges must wear while pronouncing the death sentence, lays at his side. Crippen became nervous when he noticed the cap. He soon regained his composure and watched the proceedings with apparent interest.

When called on to plead, he said, "I am not guilty," in a clear firm voice. The prosecution announced that it would show that Crippen and Miss Leneve had for three years tried to estrange Mrs. Crippen, so that she would divorce Crippen, so that they might marry.

According to the prosecution, this establishes a motive for the murder. Miss Leneve was not in court. Prosecutor Muir opened the case for the crown. He said Crippen wanted to marry Ethel Leneve, that Mrs. Crippen barred the way; that Crippen was pinched for money and that with his wife's property he could support Miss Leneve. Muir said that Crippen had lied about Mrs. Crippen's whereabouts and the jury would have to admit that all circumstances tended to show that the body found in the cellar was that of Crippen's wife. He said Crippen's guilty conscience exposed him, because when Inspector Dew arrested him he said he was glad it was over, as the strain was getting too great.

In the list of witnesses is the name of Mrs. Hahn of Brooklyn, N. Y., a stepister of Mrs. Crippen. Several witnesses testified along lines similar to the evidence brought out at the coroner's inquest.

The soldiers fight, and the kings are heroes.

The world is saved by the breath of school children.

Turn the Bible and turn it again, for everything is in it.

GEO. COX AND RUD HYNICKA HAVE AN OPEN RUPTURE OVER NEW APPOINTMENT

Cincinnati, Oct. 18.—A serious split between George B. Cox, leader of the Republican organization and his lieutenant, Rud K. Hynicka, as the result of the dismissal of Paul M. Milliken as chief of police, and the appointment of Wm. H. Jackson as his successor, is reported in political circles.

THOSE CHARGED WITH GRAFT IN THE CANAL SCANDAL WILL HAVE CHANCE TO EXPLAIN

Columbus, Oct. 18.—Canal employees charged with graft will have a chance to appear and, if they can, disprove charges against them. Attorney General Denman and H. J. Booth, who is assisting him, reached this de-

That there has been a rupture between Cox's two lieutenants, Hynicka and Garvey Herrmann, has been known for some time. The rivalry between these two in their struggle for the seater which Cox may soon lay aside has strained the relations to the point of open hostility.

Cincinnati today, Supt. Hatch demanded that he be heard, and it was decided to extend that privilege to all those under charges.

Gov. Harmon, Denman, Marker and Booth will confer today and outline the course of procedure.

CLOSE

Of Conference of Charity and Corrections

Delegates Pleased With Their Entertainment While in Newark

NAME OF JUDGE BRISTER

Was Honored in Report of Committee on Resolutions-- Business of Conference.

The last session of the conference of charities and corrections was held at the High school auditorium on Monday evening. The meeting was called to order by the newly elected president, Rev. R. A. Longman of Cincinnati, and the invocation was pronounced by Rev. F. E. Vernon of the First Presbyterian church, Newark.

The report of the committee on the extension of Organized Charities was made by Rev. C. N. Pond of Oberlin, who has been re-elected for a term of three years as member of the committee.

A vocal solo by Mr. W. W. Flora was a feature, pleasing to the audience as was evidenced by the enthusiastic applause, to which he generously responded with an encore. "Just a Wearyin' for You."

This final program of the conference had been prepared largely with the idea of being of service to the city of Newark, and the first address of the evening was "Needs of Newark in Organized Charity," by Francis H. McLean, field secretary, Russell Sage Foundation, New York. He spoke in opening of the growing recognition of the needs of every community for some solution of the problem offered by one or more native-born American families of vicious or degenerate heredity. Such family problem cannot be remedied by simply neglecting it, or laying the burden of its care on a few. The only real solution must come through some form of organized

DR. LOUIS STRICKER, Of Cincinnati, First Vice President.

or associated charity, and the responsibility lies on us, as a civic business proposition, to relieve the situation. Where a community is found having helped three generations of the same family, something is wrong. In Newark it is to be feared that indiscriminate charity is sowing seeds of degradation to come. A new school of thought in this city demands the intelligent investigation of a trained social worker. Doing the ostrich act will not hold us. Relief must be given to relieve a situation, and in such giving, time and thought and service is the paramount necessity. In Newark the field for such work is over-run. Housing conditions are bad; the child and adult need facilities for health and growth. A splendid start has been made by the King's Daughters and church organizations, but needs knitting together.

Such an organization has three needs. First, a board of directors composed of prominent business men who are willing to lend efficient aid; second, a trained secretary who shall look after the details of the work; third, a volunteer committee of members appointed from the various relief organizations, none of which shall lose its individual identity.

The paid worker is absolutely necessary. The great need is for an educational propaganda, which must lead to an improvement over old conditions. In the work lies the destiny of many scores of lives and the adding

of stature and dignity to the city itself.

At this point the report of the committee on resolutions was read by the chairman, Mr. H. H. McEdden of Steubenville, who paid a splendid tribute to Judge E. M. P. Brister, who had voiced the invitation by which the conference is now meeting in Newark. The report of the committee was unanimously adopted.

The second address of the evening was on "School Gardening," by Miss Louise Klein Miller, can. of of Gardens, board of education, Cleveland. She echoed the oft-repeated sentiment that charity should help people to help themselves, and from her own experience told of the effort in Cleveland to relieve need, not by outright giving, but by making the waste places of the city beautiful and productive. The Home Gardeners Association has been the starting point of the work, aided by the co-operation of the board of education in distributing the penny packets of seeds among the children of the public schools. In the last five or six years, the school garden work has grown steadily, along with the home gardens and the vacant lot gardens.

A great many different avenues of work have been opened. The curator of gardens looks after the gardens and the flower show, lectures to the children and parents, and has supervision over the school grounds of the entire city. Separate gardens have been established.

A GREAT ORATOR BASEBALL PLAYER

Williamstown, Mass., Oct. 18.—When Edward Morgan Lewis, professor of oratory at Williams College, was nominated by the Democrats of the first district as a congressional candidate, few knew he was the same "Ted" Lewis who pitched for the Boston Nationals from 1896 to 1909, and who played in the American League for another season. He dropped out of baseball sight after 1909. While a member of the Boston team he studied oratory and in 1900 was made a member of the faculty of Columbia university, later going to Williams.

JACK JOHNSON

Drives His Racing Car Recklessly in Training for Race With Oldfield.

New York, Oct. 18.—Those who saw Jack Johnson drive his racing car yesterday at Sheepshead Bay where he is training for his race, Thursday, with Barney Oldfield, declared today their intention of being on hand when the end came, in the hope of collecting a few gawdies souvenirs. They expect the negro to be melted into the landscape to such an extent that it will require blotting paper to collect the remains. By beating Johnson at his own game—crash shooting—Oldfield decided that the heats of the race should be five miles each. If Oldfield wins, he will take the place of Jim Jefferies in the all star athletic aggregation that is to tour the world.

SMOOTH WORK OF SWINDLER AND FORGER

Wooster, O., Oct. 18.—Robert Torbett, a farmer, has been fleeced out of \$2,800 by a smooth swindler, who, as William Hoover, came here three weeks ago, feigning intention to purchase a farm. He finally agreed to buy the Ames Moser farm, near Dalton and agreed to meet Moser in Dalton Saturday to examine the deed.

In the meantime he returned to Wooster to borrow \$2,800 to make full payment for the farm in cash, and Torbett agreed to loan it to him on first mortgage security.

Hoover showed up Friday with a deed to the farm and got Torbett's money. Monday Moser came to Wooster and was surprised to find a forged deed conveying his property to Hoover recorded. The authorities have offered \$500 reward for Hoover's arrest.

AUTO WRECK AD WOLGAST IS INJURED

Cadillac, Mich., Oct. 18.—Ad Wolgast, lightweight champion, his fiancée Miss Mildred Ensign, and the fighter's manager, Tom Jones and wife, are suffering from injuries received when Wolgast's six horse-power auto crashed into a fence and a farmer's house near Jennings. Because of Wolgast's arm which was broken in a recent fight, his fiancée was steering the machine. The auto was sent into a ditch to prevent it turning turtle on a sharp turn.

HAVANA IS IN A PANIC

Over reports That Another Cyclone is Headed in That City's Direction.

Havana, Oct. 18.—With more than 100 dead and millions of dollars property loss as a result of two hurricanes within a week, this city is in a panic because another cyclone is reported as headed this way. Six towns in the interior have been wiped out. Shipping along the coast has suffered heavily and no estimate of the number of dead can be obtained yet.

HIGH SCHOOL LECTURE COURSE

Madame Laura de Rudnyansky, Prima donna Soprano with the Italian Band at the High School Auditorium.

Tomorrow sees the opening of the High School Lecture course for this season and promises more this year than last which means a great deal for last year it establishes an enviable reputation.

The opening number is the famous Italian band, under the direction of Sig. Salsore Grigolli. The band has thirty members with fifteen soloists. There will be a matinee tomorrow especially to permit the school children of attending and the regular course will be given in the evening.

The entire house is reserved for the season and all the tickets have been sold for the afternoon performance, which alone speaks for the merits of the attraction.

PERSIA WILL MAKE APPEAL TO KAISER TO PREVENT GRAB

And One of the Ugliest International Complications in Years It is Feared Will Result From This Action.

Tehran, Persia, Oct. 18.—The Persian cabinet is preparing today to appeal to Germany against England's ultimatum, which signifies that Russia and England are preparing to divide Persia for their own use. It is believed that Germany, Austria and Turkey, acting in concert, will intervene to prevent the grab and thus precipitate the ugliest international complication that has developed in Europe in years.

England's sphere of influence in Persia will be occupied by the territory with troops and preserve order. Three months grace is given. Persia is notified that under the Anglo-Russian treaty, she will have to pay the expense of the expedition. It is believed that if an England army enters Persia it will not leave without war. In this England will be backed up by Russia, for the Czar needs a support permanently free of ice and can secure such a port only by annexing a portion of Persia. Germany will, naturally object to such a course.

Y. M. C. A.

TORONTO, CAN., TO HAVE NEXT INTERNATIONAL CONVENTION.

To Which the Newark Association Will Send Delegates—Classes to Organize.

Toronto, Can., is to have the coming international convention of the Young Men's Christian Association.

This convention is the highest body of the movement for all of North America and those who are appointed delegates are highly honored.

The Newark board of trustees has appointed Rev. J. A. Bennett, P. S. Phillips, who was one of the organizers of the local branch, and Physic J. Ingersoll of Lakewood. Ohio's delegation will be going together as far as possible, and the Big Four training camp north Thursday, Oct. 27, and will be the convention train. From Buffalo a special will take the party to Leaside and across the lake to Toronto.

For many years there has not been a more important gathering of Y. M. C. A. men on this continent.

Next week the educational classes will organize and the outlook now is for the largest enrollment for years. Newark has the largest at any previous time. Mr. A. J. Shraake, draftsman at the Wehrle Co. works and an experienced, well trained man has

BALLOONS

Representing Four Nations Off in Race

For James Gordon Bennett Cup and Rich Money Prizes

WELLMAN IS RESCUED

By Steamer Trent, and He and Crew are Safe But Balloon Had to be Abandoned.

New York, Oct. 18.—The incoming Bermuda steamer Trent today reported by wireless that Wellman and his crew had been rescued by the Trent half way between Cape Hatteras and Bermuda, after three hours' maneuvering. Captain Downs of the Trent says Wellman and his crew are safe on board and the balloon has been abandoned. Downs did not say what trouble caused Wellman to signal for help or where he has been since last heard from.

WELLMAN SENDS WORD TO SHIP

Siasconset, Mass., Oct. 18.—The wireless operator here today received a message from the steamer Mesaba, saying her operator had cut in on the tail end of a message from Wellman's balloon to the steamer Hefig Olive. He does not know whether the balloon was drifting or using its engines. He passed out of range almost as soon as he cut in. The Sable Island station is trying to reach either the America or the Hefig Olive.

STEAMSHIPS COMBING SKY FOR WELLMAN

New York, Oct. 18.—Incoming ocean liners are combing the sky for Wellman's big dirigible balloon. At ten o'clock this morning it had been at sea 70 hours and since Sunday morning nothing had been heard from it. Incoming steamers report the ocean as smooth as glass. There is a steady westerly breeze blowing, which will carry the America along if she is still afloat.

Estimates of the America's location place her about 900 miles east of Atlantic City. Wellman had said he would not try to make speed the first few days, but would save his gasoline for the latter part of the trip.

St. Louis, Oct. 18.—Of the 10 balloons which started in the Gordon Bennett cup race here yesterday, four have been heard from early today. One not yet identified was compelled to land six miles north of Racine, Wis. Alfred LeBlanc passed over Zion City, Ill., at 6:30 this morning and dropped a note saying all was well. Two balloons were sighted about 2000 feet above Milwaukee.

Balloon experts say the course taken by the balloons holds strong possibility of broken records. If they get into the strong eastern current across the Canadian border, they will probably get to the Atlantic coast.

St. Louis, Oct. 18.—Ten monster aerostats, representing four countries on both sides of the Atlantic, ascended here Monday amid the cheers of vast throngs of spectators at the opening of the fifth international balloon race.

It was but a few minutes after the words "Let go" were given by the respective pilots that the balloons, which sailed toward the north and northwest, were out of sight.

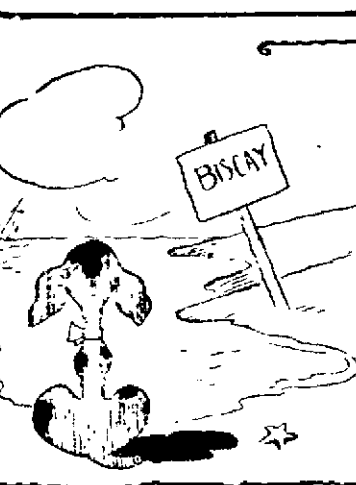

There was not a hitch in the arrangements, though the Harbig III, of Germany, Lieutenant Vogt pilot, got a false start, and the Million Population Club, St. Louis, S. Louis Von Phil pilot, narrowly missed colliding with the grand stand. The balloons were released at intervals varying.

HURRICANE IN FLORIDA CAUSES FEAR

Jacksonville, Fla., Oct. 18.—With all wires down in the southern part of the state and the worst hurricane in many years raging, grave fears are entertained for the citizens of Key West and nearby cities. At St. Augustine bulletin says waves have been driven over the sea wall all night and this morning the lower half of the city is flooded.

There have been three known deaths there. Heavy damage is reported from Titusville.

WHAT IS IT?

What trade?

Answer to Monday's puzzle—Scissors.

PUZZLE PICTURE FOR CHILDREN

Do you see her grandfather, with whom she is walking?
Answer to yesterday's puzzle—In back of her head.

IN SOCIAL CIRCLES

Mrs. William Holier of North Second street entertained with a progressive point euchre party Monday afternoon and six tables of players enjoyed the game and a delicious two course luncheon which was served at its close. The prize in the contest was awarded to Mrs. W. T. Moore.

The parlors were a veritable bower of fall flowers and here the card tables were arranged and the following guests seated: Mrs. D. H. Miller, Mrs. J. L. Worth, Mrs. John Tucker, Mrs. W. T. Moore, Mrs. Edward King, Mrs. Alda Scott, Mrs. Edward King, Mrs. T. J. Daly, Mrs. A. R. Clayton, Mrs. Fuller Moore, Mrs. Charles Smith, Mrs. Nora Baker, Mrs. Edward Williams, Mrs. Charles Brown, Mrs. Frank Elliott, Mrs. Archie Davis, Mrs. John Braddock, Mrs. William Mahon, Mrs. Giles Smucker, Mrs. Augusta Chambers of Granville, Misses Clara Scott, Helen Tucker, Lillian Miller, and Olive Smith.

Mrs. Holier was assisted in entertaining by Miss Mabel Moore.

The Monday Sewing club had as its hostess this week Mrs. Ralph Wyeth of Granville hill and a few pleasant hours were spent in doing needlework, followed by the serving of a dainty repast. The guests of the club were Mrs. Kemper Scott, Mrs. E. C. Wright, Mrs. C. W. Miller and Miss Nancy Tomlinson of Minneapolis, Minn.

The series of parties with which Miss Hazel Lippincott of Eleventh street entertained on Saturday honoring Misses Alice Bott, Grace Foster, Ethel Foster and Evelyn Gares of Columbus were most delightful affairs. The afternoon was pleasantly spent informally and at five o'clock tea was served. At six o'clock a dinner was served and besides the honor guests, there were seated Misses Louise Nutter, Verna Harding, Marguerite Platt and Miss Lippincott.

In the evening a chaffing dish party was enjoyed when a number of young gentlemen were invited in to join in the pleasures.

One of the pleasant social events in Granville of the past week was that of last Saturday when Miss Laura Bietler entertained about twenty guests most enjoyably at Monomoy Place, the handsome town home of Mr. J. S. Jones, on West Broadway. The guests consisted of the members of the active chapter of the Kappa Phi Sorority, together with Misses Margaret McKibbin, Helen Hunt and Ella Roberts and Mrs. Orley See. A delicious luncheon was served at noon, the place cards being unique souvenirs, each containing an appropriate verse of poetry. The afternoon was spent in having a good social time.

Miss Laura Bietler on Monday entertained most charmingly a number of her friends at the handsome home of Mr. J. S. Jones in Granville, Monomoy Place, at one o'clock luncheon. Those present were Mrs. Frank Webb, Mrs. Harry Howell, Mrs. Lawrence Kreig, Miss Mary Neal, and guest Miss Tomlinson, and Miss Anna Davis of Newark, Mrs. Robert Hunt, Mrs. John Owens, Mrs. Reshiau and Mrs. Edna Campbell. The place cards consisted of Japanese scenes with the

names of the guests in acrostics. All present had a very pleasant time, as all do who enjoy the hospitality of Miss Bietler.

The first meeting of the investigators was held Monday, October seventeenth at the home of Mrs. John Sachs, Mt. Vernon road. Roll call was responded to with autumn quotations, after which the president, Mrs. Thomas Meredith greeted the members with a most pleasing address. Reports from various committees were given, followed by a musical in charge of Miss Glenn, with Miss Dicken as reader. The program was as follows:

Piano solo, Kernette from Faust—Miss Glenn.
Piano solo, Kernette from Faust—Mrs. Rees.
Reading, Calling on Caroline—Miss Dicken.
Piano solos, Marche Mignon, Hark, Hark, the Lark—Miss Glenn.
Piano duet, Spanish Dance—Miss Martha Sachs, Miss Dorothy Glenn.
Recitation, The Tin Gee Gee—Miss Dicken.
Piano duet, Bridal Song—Miss Glenn, Miss Martha Sachs.
Vocal solo, The Harbor of Dreams, Little Boy Blue—Miss Glen.
Piano solo, Staccato Caprice—Miss Glenn.
Vocal solo, May Morning—Mrs. Rees.
Recitation, The Soul of the Violin—Miss Dicken.
Piano solo, Chopin in G Major—Miss Glenn.

Mrs. Henry Henthorne, president of the Coterie club, will leave today for Oberlin to attend the State convention of Ohio Federated Women's clubs.

Mrs. Henthorne goes as a delegate from the Coterie club. Before her return she will spend a few days in Cleveland visiting her son, who is attending school there.

Saturday afternoon, from two till six, Miss Freda Butler entertained six of her little friends in honor of her ninth birthday. Games of various kinds were played, after which dainty refreshments were served to the following guests: Anna Haynes, Marguerite Bader, Ruth Bader, Katherine Rosebraugh, Mary McDonna and Master John McDonna. Miss Freda was the recipient of many presents, after which all departed, wishing Miss Freda many more happy birthdays.

NEW BETHEL.

Owing to the inclemency of the weather a small crowd greeted Rev. Mr. Duckworth at the Sunday evening service at Bethel.

Mr. and Mrs. Ben Ross are receiving congratulations over the arrival of a son one day last week.

Truman Grandstaff spent a portion of last week at the home of Mr. and Mrs. Vernon Tipsett of Delaware, N. Y. on Monday, after a pleasant visit with relatives here.

Mr. Lee Tuttle and daughter, Mrs. S. A. Grandstaff, left Thursday for an extended visit with relatives in Michigan and Hardin counties.

C. E. Spicer will sell his personal property at public auction on Saturday, Oct. 22 at 11 a. m.

Len Higgins and family and How-

ard Sanford and family spent Saturday and Sunday with Mr. and Mrs. Hallie Myers of New Way.

Several Bethelites attended the street fair at Delaware Friday and Saturday and report a good display in every department. The drawing card, however, was Gov. Harmon.

S. A. Grandstaff and daughter Letha spent Sunday with Mr. and Mrs. Harry Wells of Appleton.

The appointment by Gov. Harmon of Robbins Hunter to fill the vacancy caused by the death of Judge Brister seems to meet the approval of the people of this end of the county, regardless of party affiliations.

Cheese
Apple Whip
Coffee

Recipes for Oct. 19, 1910.
Cauliflower. When preparing cauliflower remove all but the innermost green leaves; trim off the stalk and soak, head downward, in salted water; this will draw out any insects which may be concealed among the flowerets. Cook, stalk downward, in boiling salted water until the stalk can be easily pierced. When done the head may be served either whole with a cream sauce poured over it, or the flowerets may be carefully separated and reheated in the sauce.

Apple Whip. For an apple whip put the unpeeled whites of two eggs in a bowl and beat just enough to foam slightly. Add two tablespoonfuls of fine granulated sugar and beat for a moment. Grate quickly two peeled and cored tart apples. Begin to beat, adding the apple pulp a spoonful at a time. Beat until the mixture has swollen to almost three times its first amount and is quite stiff. Add a drop or two of vanilla and heap in glasses. It should not stand more than an hour at most.

HEADACHE, EARACHE, TOOTHACHE VANISH.

T. J. Evans Has the Remedy.
Begy's Mustarine banishes the agony arising from any ache or pain, and does it so quickly that sufferers are astonished. Rub it on, that's all. It will do anything that a good mustard plaster will do, and do it quicker.

It's really a mustard plaster without the plaster and with all the effectiveness and blistering taken out. Comes in a yellow box all ready for use; isn't disagreeable and doesn't soil the clothing.

Cures rheumatism, pleurisy, neuralgia, stiff joints, aches and pains or T. J. Evans will refund your money, if better than any liniment. 25 cents, that's all. Mail orders filled by J. A. Begy Co., Rochester, N. Y.

HEART and HOME TALKS by Barbara Boyd

Little Problems of The Home. The Work Ahead of the October Bride.

"They are all brides around here," said a woman who had moved into a new neighborhood. "I call it 'Brides' Block.' And they all look as if they weren't finding marriage the beautiful dream they thought it."

"Do they all look that way?" queried the other doubtfully.

"Yes, every one," replied the other with emphasis. "And I tell you getting married nowadays, unless you have plenty of money, is no joke. Most of these girls, I imagine, have been employed ever since they left school. They have been photographers, clerks, salesgirls. They do not know the least earthly thing about housekeeping. Their husbands hold just ordinary positions as they did. Now, with their inexperience, their rather small income and the present high cost of living, they are trying to make buckle and strap meet. I don't wonder they look up against it."

These brides are indeed up against it, just as this woman says. Married life has been up to this point a matter of rosy visions. The two have pictured a dream of bliss in a cozy little home. They never got down to the dishes that must be washed three times a day, to a range that goes out every night, or a butcher's bill that takes the lion's share of a dollar, though one doesn't seem to have bought anything. When the rosy visions are transformed into these practical facts, they take on a gray tone that may become decidedly dingy and sordid as the weeks pass by.

The October bride of modest means has decidedly hard work ahead of her. The sooner she recognizes this fact and squares her shoulders to meet it and master it, the better for all concerned.

The care of a home, even a small one, is no light matter. To make a small salary cover all the expenses of running a home requires good financing. To keep cheerful and good-natured despite the many trials and irritations of housework means more than mere

A FEW DOSES MAKE KIDNEYS ACT FINE ENDING BACKACHE

Don't wait until it settles into Dropsy, Gravel, Diabetes or Bright's Disease—the time to cure kidney trouble is while it is only a trouble. The moment you suspect any kidney, bladder or urinary disorder, or feel a constant or dull aching in the back, sides or loins or the urine is thick, cloudy, offensive or full of sediment, irregular of passage or attended by a sensation of scalding you should begin taking Pape's Diuretic as directed with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure.

Pape's Diuretic acts directly upon the kidneys, bladder and urinary system; cleanses, vitalizes and regulates these ducts, organs and glands, ending at once such miserable symptoms as lame back, headache, dizziness, weakness, prostatic trouble, nervousness, rheumatism and darting pain, inflamed or puffy eyelids, irritability, bilious stomach, worn-out feeling, sleeplessness or suppressed, painful or frequent urination (especially at night) and other distress.

Don't be miserable another moment with a lame back or clogged, inactive kidneys or bladder misery, for after taking Pape's Diuretic a few days you will be relieved and know all danger is passed.

Your pharmacist, physician, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, Ohio, who prepare Pape's Diuretic—50 cent treatment—sold by every druggist in the world.

STEAMER SANK WITH CREW AND 60 PASSENGERS

New Orleans, Oct. 18.—The sinking of the steamer Meclor, carrying sixty passengers and a crew, off Yucatan was reported in shipping circles here today. Owing to disturbed atmospheric conditions, it has been impossible to verify the report, which is that the big frigate went down in the hurricane off Cuba last Saturday.

Forced To Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson of Calamine, Ark., when all else failed and I gained 47 pounds in weight. It's surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for coughs, colds, lagrippe, asthma, croup—all throat and lung troubles. 50c and \$1. Trial bottle free at F. D. Hall's.

FIRE SALE TOMORROW MORNING AT STEPHAN'S.

Though only in her second season in society, Lady Winifred Gore, beauty of the London younger set, is said to have been besieged by proposals of marriage. Several titles are among the offerings thrown at her feet.

GORSETH-SMITH.
Monday at high noon Rev. L. C. Sparks united in wedlock Mr. Thomas Gorseth and Miss Ella Smoots. Mr. Gorseth is a young farmer residing near Johnston and his bride is the highly esteemed daughter of Mr. and Mrs. William Smoots living in the same vicinity. The happy couple will go to housekeeping on a farm west of Johnston.

The man who marries a woman congenial to himself is loved by the Almighty.

"If a man divorces his wife, the altar itself sheds tears over him."

An honorable man honors his wife, a contemptible one despises her.

YOUR FRECKLES

Need Attention in October or Face Will Stay Covered.

October is the time to take special care of the complexion if you wish to look well the rest of the Fall and Winter. The summer sun has brought out freckles that will stay the rest of the year unless removed now with Othello's double strength.

This prescription for the cure of freckles is the discovery of an eminent skin specialist, and is so uniformly successful that it is sold by W. A. Evans & Son, under the guarantee to refund the money if it fails. Get an ounce of Othello's double strength, and even the most stubborn freckles will show a wonderful improvement, some of the smaller freckles even vanishing entirely.

FIRE SALE TOMORROW MORNING AT STEPHAN'S.

CARD OF THANKS.
We desire to thank our friends and neighbors for their kindness and sympathy during the sickness and death of our father and brother, Henry Duerr. Also for the beautiful floral offerings. Son, Brothers and Sister.

F. H. Harley, a prominent young business man of Xenia, was in the city Tuesday on business.

FIRE SALE TOMORROW MORNING AT STEPHAN'S.

The loss of a first wife is like the loss of a man's sanctuary in his lifetime.

Ladies:

You do not know how Beautiful and Attractive your complexion can be until you have learned to use

Woman's Nature

It is the nature of women to suffer uncomplainingly, the discomforts and tears that accompany the bearing of children. Motherhood is their crowning glory, and they brave its sufferings for the joy that children bring. No expectant mother need suffer, however, during the period of waiting, nor feel that she is in danger when baby comes, if Mother's Friend is used in preparation of the event. Mother's Friend relieves the pain and discomfort caused by the strain on the different ligaments, overcomes nausea by counteraction, prevents backache and numbness of limbs and soothes the inflammation of breast glands. Its regular use fits and prepares every portion of the mother's system for a proper and natural ending of the term, and it assures for her a quick and complete recovery. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.

Sun sets 5:12, rises 6:12; day's length, 11 hours; moon rises 4:25 p. m.; 10:41 a. m., eastern time, moon at perigee, nearest earth, 223,000 miles; 1:04 a. m., moon in conjunction with Saturn, passing from west to east of the planet, 1 1/2 degrees north thereof; midnight, planet Jupiter in conjunction with the sun, passing from east to west thereof, thus from evening to morning sky; Saturn now the only visible planet throughout the entire night.

TIME FOR FREEDOM
"The one thing that is certain in the United States today, is that the rule of boss rule has been sounded, and now it seems to me that everything points to this being the time when Cincinnati is going to set herself free from boss rule."—Gov. Harmon's Speech at Cincinnati.

CLAIMS TOO MUCH
Attorney General Denman has boasted that he stole Governor Harmon's thunder in beginning the graft suits against former State Treasurer McKinnon.
Well, Governor Harmon's official letter advising Mr. Denman to begin the suits was written December 4, 1909; the suits against McKinnon were filed January 20, 1910, and the suits against Cameron were filed January 22, 1910. No suits have yet been filed by Attorney General Denman against L. C. Laylin, Carmi Thompson, Hy Davis, W. S. Rogers, nor the members of the state board of public works.
If Mr. Denman thinks he can fool the people of Ohio into believing that he stole Governor Harmon's thunder why doesn't he go ahead and bring the suits against the other Republican grafters?

Harding is running for Governor on a platform made by Dick and a ticket made by Cox.
The recent canal graft exposures have been made largely by the assistance of a well known detective agency who furnished evidence to Chief Engineer Marker. When the work of a secret detective agency, composed of professional experts in this line of service, is required to obtain the evidence of the crookedness of the grafters, the public will gain some idea of how successful the machine bosses have been in keeping their various methods of filching covered up all these years.

Terrible Suffering
Eczema All Over Baby's Body.
"When my baby was four months old his face broke out with eczema, and at sixteen months of age, his face, hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla and in a few months he was entirely cured. Today he is a healthy boy." Mrs. Inez Lewis, Baring, Maine.
Hood's Sarsaparilla cures blood disease and builds up the system.
Get it today in usual liquid form or chocolate tablets called Sarsatabs.

SPLIT APART
Speaking for Beveridge in Indiana, and defending Beveridge's insurgency, Roosevelt said, "Senator Beveridge did not split away from his party. He merely stood by the bulk of it, because the real party consists of the mass of the people. The mass of the people wished to see done just what he did. And, before the next presidential election comes around, the platform will be fairly and squarely the platform on which Senator Beveridge stands."
If this applies to Beveridge in Indiana, it cannot be made to fit Harding, Dick, Burton, Cox and Longworth in Ohio. If Beveridge stood by the bulk of the party, then Dick who wrote the Ohio platform, Longworth who defended the Payne-Aldrich tariff in his speech as temporary chairman, Burton who did the same thing in his speech as permanent chairman, Cox who named the ticket, and Harding who accepts the platform which endorsed the Payne-Aldrich tariff, instead of being with the bulk of their party in Ohio are the ones who have split away from it.
If Dick, Harding, Burton, Longworth and Cox are thus split away from the bulk of the party in Ohio what should the bulk of the party do at the coming election? For it is very evident that if the platform in 1912 will be fairly and squarely the platform on which Senator Beveridge stands, as predicted by Roosevelt in Indiana, it will not be the kind of a platform on which Dick, Harding, Burton, Longworth and Cox stand here in Ohio this year.
Therefore, Dick, Harding, Burton, Longworth and Cox not being with the bulk of their party this year, the bulk of the party owes it to them and to itself and to Roosevelt and Beveridge and Cummins and LaFollette and the late lamented Dolliver and THE STATE OF OHIO to split away from Dick, Harding, Burton, Longworth and Cox at the coming election.
Roosevelt's plea for Beveridge in Indiana furnishes one more reason why the bulk of the Republican party in Ohio should help to make it HARMON AND A CLEAN SWEEP THIS YEAR.

THE G. O. P. TRIO.
Harding, Cox and Dick.
Or, Dick, Cox and Harding.
Or Cox, Harding and Dick.
Whichever way the trio is arranged, it is all the same.

DO IT RIGHT
A year ago the machine serving g. o. p. newspapers in Ohio were claiming that Governor Harmon had failed to make good his graft charges.
You ought to read them now, with Denman claiming he stole Harmon's thunder and Harding claiming he has only contempt for Republican grafters.
Still Harding claims that Harmon has failed to make good—just what the machine organs were saying a year ago.
Great guns! How much more g. o. p. graft is there to turn up? The only way to find out is to give Governor Harmon another term, strengthen his support by electing the entire ticket headed by him and a legislature with a Democratic majority in both branches.

HARDING IS A BIT IMPATIENT
(Portsmouth Times.)
Warren G. Harding, Cox nominee for governor is impatient, too exacting in disposition.
He finds fault with Harmon because though he has been governor for 15 months he is only just now turning up alleged graft in the canals. He forgets that it was not earlier than three or four months ago that Governor Harmon appointed an engineer to the board of public works, which has control of the canals and he is doing pretty rapid work to turn up so much rottenness. It is a whole lot faster anyway, even if we admit Harmon has taken the full 18 months, than Mr. Harding's party has labored, for it was there eighteen years before and not only found no graft, but put in the

biggest part of the time maintaining there was none and keeping proof of it from leaking out.
Really, Mr. Harding should be kind and considerate enough to measure his opponent by himself. For a great many years his own paper's employees have been trying to unionize his office, but it was only last week that he permitted and agreed for this to be done. Compared to the pace of himself in this matter Harmon's untolding of canal graft has been as swift as channel lightning. And we might add as destructive to the chances of Harding being elected.
Mr. Harding will soon discover, that complaint about the time and the manner in which grafting is exposed is the poorest sort of defence for the grafting.

PRESBYTERIANS HEAR GOOD REPORT
The reports of the Presbyterian church in the State of Ohio, as given at the meetings of the synod held at Wooster, shows 529 churches, 200 ministers, and 129,000 members. The amount of money contributed for all purposes was the large sum of \$1,600,000. The next meeting of the synod will be held at Mansfield, O.

A REPUBLICAN PAPER'S BROADSIDE
EVERY REPUBLICAN VOTER IN OHIO OUGHT TO READ AND PONDER OVER THE FOLLOWING EDITORIAL, WHICH WAS PUBLISHED BY THE COLUMBUS DISPATCH, A REPUBLICAN PAPER, IN ITS ISSUE OF TUESDAY, OCT. 11.
THE FIGHT AGAINST GRAFT
The Republican attempt to belittle and muddle the anti-graft issue of the Democrats in Ohio will fool no intelligent voter. The charge of the old machine workers in the Republican party that their opponents are insincere is not borne out by the record. The plea that the Republican organization has always been an enemy of graft is an absurdity. The people of Ohio, we believe, know when graft reigned and when it stopped in the statehouse.
With the notable exception of the administration of Gov. Herick, who fought crookedness in office with all his might, who forced the passage of the depository law and made other far-reaching reforms, and suffered the displeasure of the ring for his courage and honesty at the next election, corruption and big and little thieving has been unrestricted in the statehouse and out of it. Graft system was established there and maintained and defended by the Republican machine. Graft was part of the body politic. It was the established rule. And more. Upon those who dared to expose thievery were turned the heavy batteries of the party organization. Arrogant, defying public opinion, the graft syndicate was prepared to bludgeon those with the courage to expose them. The power of the Republican party was prostituted to the protection of the big and little grafter. Graft was encouraged, the party bosses, big and little, compromised with it, schemed and dickered to cover it up. When this newspaper exposed the grafters the guns of the Republican machine were turned, not against the corruptionists who were shown up in the searchlight of publicity, but against the Dispatch. Every measure of oppression and coercion was employed in the defense of the guilty. The same men and the same forces today are making claims of political purity on exigency not on honesty. They are making a fight on pretense.
The facts are that graft reigned up to the time the Democrats assumed office. It was checked and exposed by Democratic administration. Under the leadership of Governor Harmon thievery was a hazard too perilous for even the boldest grafter to risk. The guilty were exposed and brought to justice and corrupt officials were removed or sent to the penitentiary.
If Republican administration, which had full knowledge of official thievery, which persistently sought to hide it from public exposure, had remained in power, it would have continued to cover up graft. Corruption would still be entrenched, unpunished, protected and more defiant than ever.

ROCKEFELLER MAKES GIFT TO HOSPITAL
New York, Oct. 12.—John D. Rockefeller yesterday afternoon celebrated the opening of the new hospital, attached to the Rockefeller Institute for Medical Research, with an additional gift to the institute \$250,000. This makes the total of Mr. Rockefeller's gifts to the institute \$5,000,000. This occasion was further signified by the placing of the institute's property absolutely in the hands of the Board of Trustees, establishing it as an independent foundation. Its initial board of trustees comprises John D. Rockefeller, Jr., Frederick T. Gates, William H. Welch, Stedman J. Murphy and Dr. Simon Flexner.
\$1000 REWARD, \$1000.
The readers of this paper will be pleased to learn that it is at least one divided disease that has been able to cure in its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. It is purely vegetable and gives the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O.
Sold by Druggists. Take Hall's Pills for Constipation.

There is consternation in the editorial sanctuaries of a number of Republican newspapers because Senator Foraker is going on the stump to speak for Harding and the state ticket named by Cox. The Akron Beacon-Journal is in open revolt, and said in an editorial:
"The unbelievable has happened and a Republican state committee, presumably in its right mind, has assigned Joseph Benson Foraker to make a few speeches in the course of the present campaign."
Mr. Foraker probably sees in the election of Harding the only way open for his return to the senate, and a return to those glorious days of political power when the state house was wide open and the treasury was in easy grasp; when the bosses bought bank stocks and built skyscrapers; when there was enough for the bosses and a little "easy picking" on the side for the boys; when officials "winked knowingly" and no questions were asked.
No doubt Mr. Harding, who deserted Foraker two years ago and climbed upon the Taft band wagon, would be glad to let bygones be bygones if the newspapers of Ohio would refrain from publishing Foraker's correspondence with Mr. Archbold and the letters about state deposits written by Cashier Green, Mr. Treadway, Treasurer McKinnon and himself. Imagine the pie counter brigade marching up the steps of the state house and Harding in Harmon's place waiting to receive them with "deference and devotion."

Home Course In Tree Preservation

By JOHN DAVEY,
Father of Tree Surgery.

I.—Keeping Trees Healthy.

IN Scripture we read of "the trees
of the Lord," and, in one of them
is here before you, caught by the
camera. (See illustration No. 1.)
What an embodiment of innocence!
How majestic! How "fearfully and
wonderfully made!" What a friend
of man! How it has stood and wres-
tled with the storms! There it stands
a living tree—aye, a noble creature!
Behold those plum-like branches!
No two branches alike, no two twigs

NO. 1.—"BEHOLD THOSE PLUM-LIKE
BRANCHES."

the same and no two leaves of exactly
the same pattern. Lift the graceful
branchlet reverently; thoughtfully
pluck a leaf; study that wonderful or-
gan; examine its petiole (the leaf
stock).

Under the microscope the protoplas-
mic cells are seen to be constructed
with just as much inherent intelli-
gence as in the hand or any part of
the human body. The petiole, for ex-
ample, instead of being made of over-
lapping cells, is made up of spiral cells
much like the wire coil spring that
pulls the screen door shut. Then
trace out the veins, veinlets and vein-
lets and see how wonderful it is all
filled in with the parenchyma, and then
with the microscope look upon that
strange but beautiful arrangement for
breathing, the stomata.

The tree that we talk about—that is,
the part that we see, consisting of
trunk, branches and leaves—is in real-
ity not the important part. This is the
visible portion, of course, and is beau-
tiful or otherwise according to the
condition of the invisible parts, the roots.

There are just three places where
we find healthy trees—first, in the open,
cultivated field. That is where this
beautiful rock maple is situated. Note
the furrows, as the recent plowing

NO. 2.—DESTROYED BY HEAVY SOD OVER
ROOTS.

has been done, and, third, in the grave-
yard, or cemetery, where the roots
feed on the human bodies. In the nat-
ural woodland there is root protection
from the mulching given by the de-
caying leaves. Through this mulching
the air and water both penetrate and
feed the roots and keep them active.

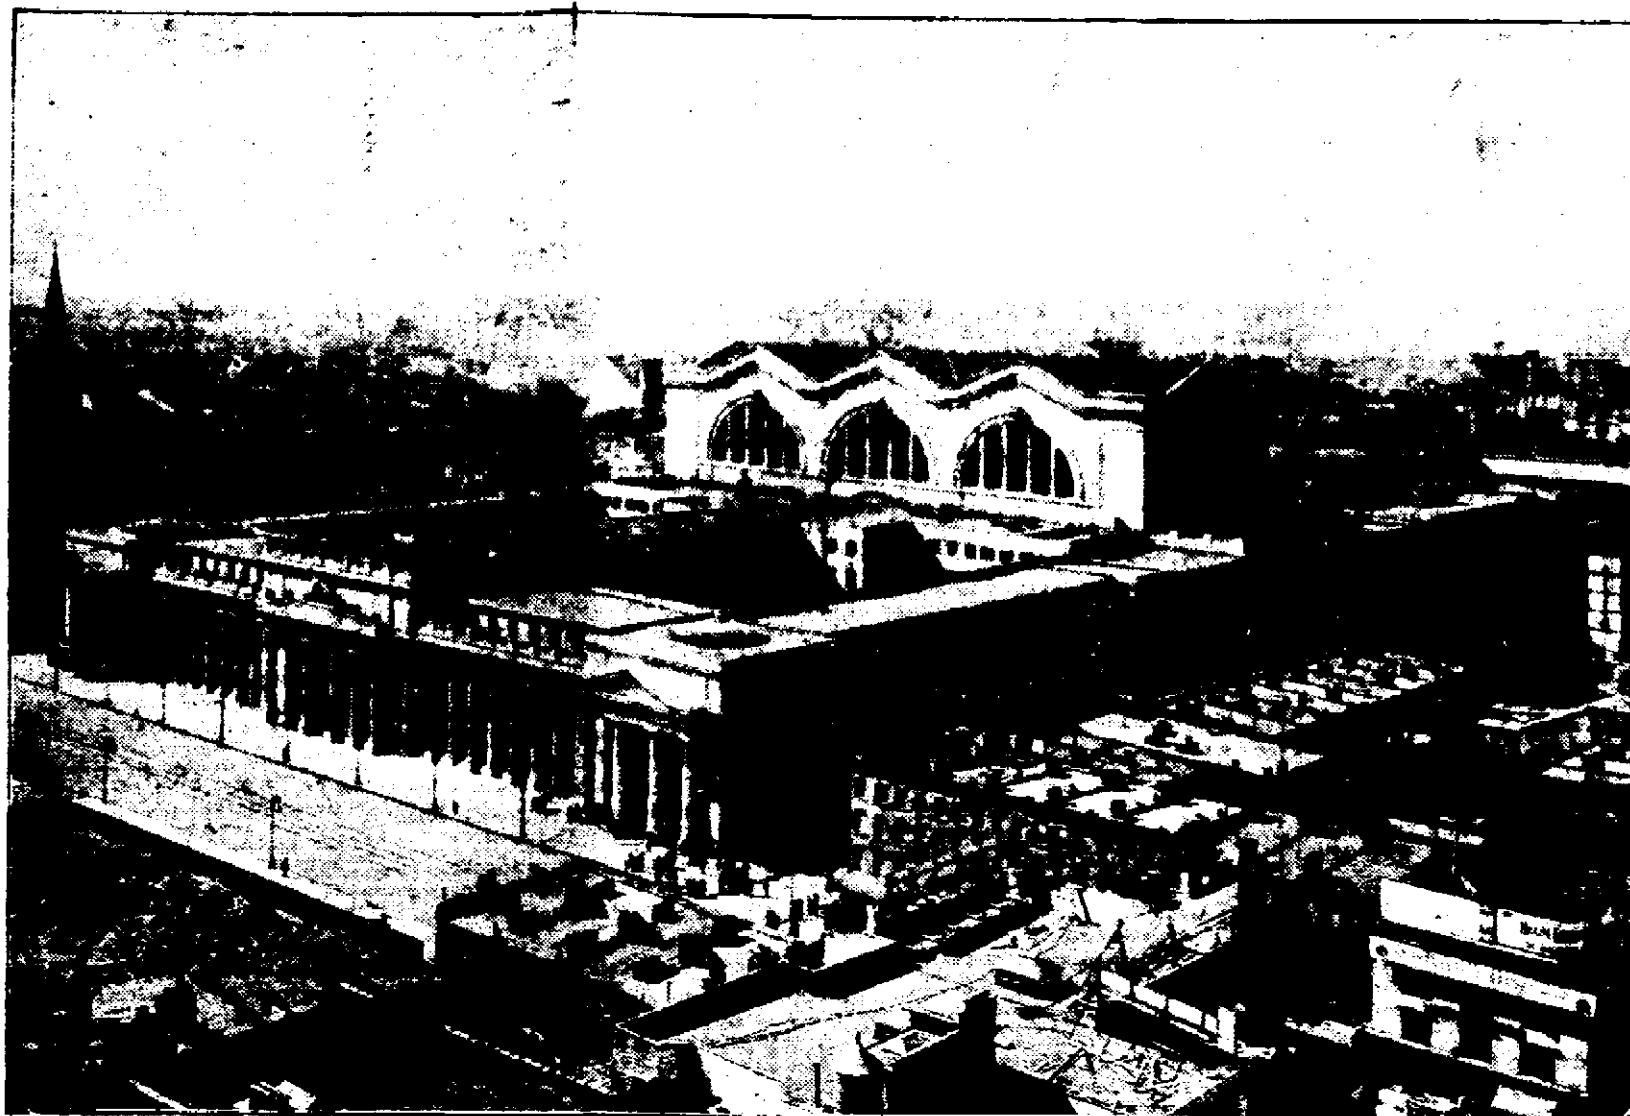

In the cultivated field the same takes
place by means of the farmer's con-
stant plowing, cultivating and stirring
the soil, and in the cemetery the dig-
ging of graves and burial of bodies
stirs the soil and furnishes the food
supply from the bodies that are in-
terred.

To me this is a pleasant thought,
that this body shall "rise again" and
live as a shelter for the dear birds.
From these three lessons and a few
others incidentally we have one of the
most important lessons in tree grow-
ing—namely, the top of your tree, or
the visible portions, can be no better
than the invisible parts, the roots.

This fact is presented to you where-
ever you go and is exemplified by il-
lustration No. 2. This is from a pho-
tograph taken July 3. No. 1 was
taken the 4th of the same month.

The cause of the destruction of those
in No. 2 was the formation of a heavy
sod over their roots. Unpleasant as it
is, we must recognize the fact that we
cannot have a good tree and a good
sod at the same time. There are arti-
ficial ways of compromising at times,
but the simplest way is to throw a
rope around the tree and draw a circle,
destroy all sod inside the line and keep
cultivating and give plenty of water
during the hot months of July and Au-
gust. The circle may be a foot from
the trunk for small trees out to as far
as six feet in large ones.

THE NEW STATION OF THE PENNSYLVANIA RAILROAD IN NEW YORK CITY.

Largest building ever constructed at one time in the history of the world.

MILLIONS

INCREASE IN WAGES OF ENGI- NEERS AND FIREMEN ON THE PENN.

Nearly Five Thousand Men Will Be
Affected—General and Local
Railroad News.

Several million dollars a year more
will be paid to engineers and firemen
on the Pennsylvania railroad lines
east, while between 4,000 and 5,000
men residing in the vicinity of Pitts-
burg are to be affected by an increase
in wages which the railroad officials
are preparing to announce upon the
completion of the schedule. The in-
crease will be about 10 per cent over
that of 6 per cent announced in April.
It is understood it will date from
June 1.

The increase has been expected by
the engineers for some time and will
correspond to that granted the train-
men, who recently threatened to
strike unless given more pay. The
Pittsburgh Monongahela and Connaut
divisions are the only sections of the
road entering Pittsburgh that will be
affected by the increase, the men on
the Pennsylvania railroad lines west
having had their schedules adjusted
for some time.

Officials of the road declined last
night to give an estimate of the
amount of money that will be expend-
ed annually by the road as a result
of the proposed increase, but stated it
would run into millions, as all the en-
gineers on the lines east of Pittsburgh
and Erie will participate in the higher
rate.

Paper Car Wheels.

Paper car wheels are being experi-
mented with on roads in the west,
and in most cases are proving suc-
cessful. The paper, which has under-
gone hydraulic pressure of many tons,
is said to be more flexible than iron
or steel, and to have just as good
lasting qualities.

The only thing in regard to these
wheels that is troubling the railroads
is that they cannot withstand friction
as can other materials, and they have
to have internal and external rims,
that is the rim and the hub have to
be made of other material. Steel is
used in most cases.

Strawboard, cut in thick pieces, is
placed in hydraulic press and molded
so the pieces will stick together, and
is subjected to a pressure of

several tons per square inch. Pre-
viously compressed pieces are sub-
jected to the same operation. The re-
sult is a substance of finer grain
than steel, and slightly more flexible.

Another Wage Increase.

Louisville, Ky., Oct. 18.—A wage in-
crease ranging from 10 to 17 1/2 per
cent on the scale being based upon the
Washington agreement, was announced
by A. L. Ives, General Chairman of
the Order of Railroad Conductors of
the Louisville and Nashville railroad
last night.

The increase is effective November 1,
and two conductors will benefit.
Others benefited will be the work-
men, flagmen, baggage-masters and
porters of the entire system.

The conductors have been conferring
here with General Manager E. M.
Starks since September 29.

Cross-Tie Increase.

The purchase of wooden cross-ties
by the steam and electric railroads of
the country in the calendar year 1910
showed a substantial increase amount-
ing to about 10 per cent, as compared
with the number purchased in the pre-
vious year. The average cost per tie
was about 50 cents. In 1902 there
were 16,437,000 cross-ties reported as
purchased for new track as against
14,311,000 in 1903 and 23,557,000 in 1907.

Live Stock Car.

To show what has been doing to de-
velop a "humane" live stock car, the
Pennsylvania railroad is making an
exhibit at the first International Humane
Conference in America, which is
being held in Washington this week.
An actual size cross-section of the car
is being shown, together with various
drawings.

The most important feature of the
exhibit is a miniature model of the
car, so made that the interior can be
inspected. This model is five feet
long and a little over one foot wide;
it is one foot and seven inches high.
The model and the other exhibits
show in detail the salient features of
the car, such as rounded edges of all
interior wooden parts, rounded bolts,
tight fitting doors, and other provisions
for the protection of stock against
injury while in transit.

In addition to the exhibit it is mak-
ing at the humane conference, the
Pennsylvania railroad is distributing
pamphlets giving a history of the de-
velopment of its standard steel under-
frame live stock car. This pamphlet,
which is being sent broadcast through-
out the country, contains photographs
of the interior of the car, showing
how all sharp corners have been elimi-
nated.

The experiments which the Penn-

sylvania railroad has been making
in the construction of this live stock
car have been going on for some thirty
years, and the equipment which is
now being exhibited at the humane
conference has been examined by rail-
road men, veterinarians, live stock
shippers, and societies for the preven-
tion of cruelty to animals, and has
been pronounced a most admirable car
for the transportation of live stock.

Annual Report.

The annual report of the Baltimore
and Ohio Railroad gives a comprehen-
sive review of the affairs of the com-
pany, and the statement of the opera-
tions of the year ended June 30, 1910,
is interesting in that it reflects the in-
creasing cost of operations, due to the
changed conditions.

The gross earnings from rail opera-
tions were \$88,901,252.77, an increase
of \$12,458,296.09, or 16.34 per cent. The
earnings from freight traffic increased
\$11,654,000.85, or 18.94 per cent.

The earnings from passenger traf-
fic were \$14,182,540.09, an increase over
the preceding year of \$924,316.81. The
total number of passengers carried
was 21,107,129, an increase of 1,210,368
and the total passenger mileage was
763,148,750, an increase of 12,690,027.

Earnings from express traffic in-
creased \$191,339.58. There was a de-
crease of \$79,122.92 in receipts for fac-
ilities furnished and transportation of
mail.

Operating expenses for the year
were \$61,222,800.79, an increase of \$10,
169,819.92, of 19.88 per cent. Manu-
facture expenditures, road and equip-
ment, show an increase of \$6,530,118.66,
and transportation expenses increased
\$3,292,022.90, other increases being
\$158,815.42 in general expenses and \$31,
862 in general expenses.

Reaching the Top

In any calling of life demands a vig-
orous body and a keen brain. With-
out health there is no success. But
Electric Bitters is the greatest health
builder the world has ever known.
It compels perfect action of stomach,
liver, kidneys, bowels, purifies and
enriches the blood, tones and invigor-
ates the whole system and enables
you to stand the wear and tear of
your daily work. "After months of
suffering from kidney trouble,"
writes W. M. Sherman of Cushing,
Me., "three bottles of Electric Bitters
made me feel like a new man."

FIRE SALE TOMORROW MORN- ING AT STEPHAN'S.

Industry is the watch dog that
keeps the wolf from the door.

MIRACULOUS ESCAPE OF B. & O. FIREMAN

B. & O. Fireman William Worthley,
who was firing for Neil Floyd when
the latter was killed in the B. and O.
yards on Oct. 9, is able to be out and
reported for duty Monday.

Northey's escape from death was
miraculous and he considers himself
very fortunate indeed, that he did
not share the fate of poor Floyd.

He was on the fireman's side of
the engine, and three cars of a pass-
ing freight jumped the track on
Floyd's side. Floyd yelled and start-
ed across the cab, and Northey, real-
izing that something was wrong,
jumped and dislocated his left
shoulder, while Floyd was caught in
smoking the attempt to jump. The
sad part of Floyd's death was that
had he remained in his seat he would
have escaped unharmed.

Guaranteed Liquor Cure

Drunkenness is a progressive disease;
the moderate drinker is not satisfied
with two or three drinks a day, the
craving for more and more becomes in-
resistible as the disease advances; the
result is Chronic Alcoholism.

The treatment used successfully by
thousands right in their own homes is
Orinone. It is sold under a positive
money will be refunded.

Guarantee to effect a cure or your
Orinone No. 1 is for those willing to
take the treatment. Either form costs
\$1. Write for free booklet, "How to
Cure Drunkenness." The Orinone Co., 603
Orinone Building, Washington, D. C.
Sold by leading druggists, and in this
city by Frank D. Hall, No. 19 North
Side Square.

BIG OIL STRIKE

Fairall Well, Near Perryton, Good
for 45 Barrels a Day—Great
Excitement.

Perryton, O., Oct. 18.—More excite-
ment in the oil field in this vicinity
was occasioned Sunday afternoon
when the well on the Fairall farm,
one mile east of here, was shot with
80 quarts of nitro-glycerin and oil
was thrown high over the derrick.
It is conservatively estimated that
the well is flowing 45 barrels a day.
The oil is of the high grade Pennsylv-
ania variety.

The Ashcraft well is making forty
barrels a day. Both wells are owned
by Coshocton companies. The
Fairall well is located in Muskingum
county, near the Licking county line.

THIS IS CERTAIN.

The Proof That Newark Readers Can-
not Deny.

What could furnish stronger evi-
dence of the efficiency of any reme-
dy than the best of time? Thousands
of people testify that Doan's
Kidney Pills cure permanently.

Honest endorsement should prove
undoubtedly the merit of this reme-
dy. Years ago your friends and
neighbors testified to the relief they
had derived from the use of Doan's
Kidney Pills. They now confirm
their testimonial. They say time
has completed the test.

C. W. Manville, 32 Locust street,
Newark, O., says: "My former public
statements regarding Doan's Kidney
Pills still holds good. Three years
ago I suffered from pains and lame-
ness through the small of my back
and was caused annoyance by a kid-
ney weakness. Doan's Kidney Pills
proved their superior curative powers
by restoring me to good health and
correcting every symptom of kidney
complaint, after other remedies had
failed. My cure has been a perma-
nent one."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—
and take no other.

E. H. SOTHERN PLANS TO WED JULIA MARLOWE IF COURT GIVES VIRGINIA HARNED FREEDOM, SAYS RUMOR

On the heels of the filing in Reno, Nevada, of the second divorce action brought by Virginia Harned, in private life Mrs. E. H. Sothern, comes the rumor that Sothern is to make Julia Marlowe his wife when the courts free Virginia Harned. Mrs. Sothern brought suit against the actor two years ago, but was nonsuited, not having lived in Nevada. Julia Marlowe and Sothern are to star together again this winter.

Ayer's Cherry Pectoral Hacking

Daddy's Bedtime Story—The Little Bird's Visit

"DADDY," asked Evelyn one evening, "what do the little birds do when it lightens and thunders and rains? Aren't they afraid of the storm?"

"I can't tell you what all the little birds do," said daddy, "but I can tell you what one did when I was a little boy about your size, Evelyn."

"It was in the summer time, and just before my bedtime there was a heavy thunderstorm. The lightning was so bright and the thunder was so loud that I was really glad that it was bedtime, although generally I did not care much about going to bed when I was told to do so."

"Just like Jack, daddy," said Evelyn, laughing, and daddy and Jack laughed too.

"Well, on the evening of which I am telling you," continued daddy, "I went up to my room and closed the window. I was just about ready to go to bed when I heard a 'tap, tap, tap,' at my window. The storm was not over, but it was not as heavy as it had been. So I was not afraid to open the window, and in flew a little yellow bird."

"It must have been frightened by the storm, and perhaps the thunder had waked it from its sleep. At any rate, it seemed to be badly frightened about something, for it flew around and around the room. I tried to catch it, but I could not get near it. I was afraid that the poor little bird might be drowned in my water pitcher, so I covered the mouth of the pitcher with a towel and tied the towel fast."

"Well, the poor little feathered thing bumped its body and its head against so many things in the room that I really was afraid it would be killed. After a time, however, it became tired of flying around and commenced to look for a place to rest. It tried several places—on the edge of the bed, on some pictures, on the top of the bureau and elsewhere—and I tried to reach it, to take it up in my hands and soothe it. But the poor birdie seemed to think I wanted to harm it and would not let me come near it."

"You would not have harmed it, would you, daddy?" asked Jack.

"Of course not, Jack," said daddy, who is always telling Evelyn and Jack that they must be kind to birds and animals.

"After a time the bird found what seemed to be a fine resting place. And where do you think it was?"

Jack and Evelyn could not guess.

"Why," said daddy, "on the gas pipe. Its little claws just fitted around the pipe. It stayed there all night, and in the morning it flew out of the window and away. I never saw it again."

Called On Editor.
Mr. J. T. Bissett, a prominent farmer of Hopewell township, who has been a resident of that township for over 40 years, was in the city Tuesday and made the editor of the Advocate a pleasant call. He has been a reader of the Advocate for over 30 years.
Articles in Health Magazine.
Harvey L. Drum of Thornville has received recognition in the Health Magazine of recent date by having several of his articles published by it. You are missing some big bargains if you are not attending the Rummage Sale, 33 North Third street. Hats and clothing for men, women and children. Open day and evening.
Mr. Hirschberg's Statement.
Mr. Levi Hirschberg denies that his driving of his machine was responsible for the auto accident on North Fourth street Sunday. He says that he was not driving fast and was on the proper side of the street, and that the driver of the Mr. Cannon was driving into a tree, causing the accident. He also says that he offered assistance to the occupants of the car which upset, throwing out Mr. and Mrs. Cannon and their children.
Probable Mad Dog.
A strange shepherd dog, having all the symptoms of suffering with rabies made his appearance in the South End, near the south fork of the Licking river Tuesday morning. He was running wildly about frothing at the mouth and snapping at everything that came in his way. A number of the residents in that part of the city were badly frightened and an effort was made to kill the dog, but he finally disappeared and nothing more was seen of him.

At Rigel Park open Wednesday evening. Prize waitz, 10 and 11 o'clock. 18dt3

"GO AHEAD AND SHOOT AGAIN"

Was the Calm Remark of Wife of Crazed Switchman Who Tried to Kill Her.

Angered because he thought his wife received the attention of others, Stanley Edwards, a switchman employed by the Hocking Valley Railroad, who lives at 166 West Main street, attempted to kill his wife, Mahal, with a revolver at 10:15 o'clock last night at their home.
Neighbors grappled with the crazed husband in an effort to get the revolver, but it was not until officers appeared that he was taken from the scene and after a chase of several blocks, during which Patrolman Sandusky fired three shots, Edwards was captured. His wife was not injured.
With his six-year-old daughter standing at his side the railroad man drew a big revolver and fired at his wife. Mrs. Edwards faced him and said: "Go ahead, shoot again if you want to."
Before the husband had a chance to fire the second time two neighbors, a man and a woman, grappled with him and failed to take the revolver from him.

J. P. MORGAN VISITS KENYON

Gambier, Oct. 13.—J. P. Morgan, the New York financier, paid his first visit to Kenyon College, Exeter, Theological Seminary and Harcourt yesterday afternoon. He came on a special train over the C. & A. C. and was accompanied by Bishop David D. Greer of New York, a graduate of Kenyon and Exeter, Bishop William Lawrence of Boston, Bishop William C. Doane of Albany, N. Y., and Samuel Mathers of Cleveland. They came here from the

Tricentennial Episcopal convention at Cincinnati

Yielding to the wishes of Mr. Morgan, the visit was made without ceremony and the financier obtained from making an address, by the prelates and Mr. Mathers were taken for a view of the college buildings by President Peirce and were introduced to the students and members of the faculty. They were given opportunity to note the work done here and the need of additional equipment. Mr. Morgan seemed to be well pleased with his inspection.

PERSONALS

Miss Tude Cochran has been spending some time with friends in Granville.

The condition of Mr. Lawrence Ball of North Fifth street continues to improve.

Mrs. Edward Powers of Johnstown was the guest of Mrs. L. Stockbarger, Thursday.

Mr. and Mrs. Frank Weir of Maringo are visiting Mr. and Mrs. William Bowers of Elmwood avenue.

Mr. and Mrs. Adam Boner and daughter Ethel have returned home after a visit through the east.

Miss Elizabeth Felix went to Fremont today to attend the state meeting of The King's Daughters.

Miss Mary Neal of North Fifth street has as her guest Miss Nann Tomlinson of Minneapolis, Minn.

Miss Edith Welch of Union street has returned from a few days' visit with her aunt, Mrs. Tiser, of Poshaxton.

Mrs. Walter Reed and daughter Mary of Sandusky are visiting relatives in the city.

Miss Rachel Smith of Mansfield, O., after a short visit with relatives and friends in the city, has returned home.

Mrs. Kate Moran has returned home from Port Huron, Mich., where she was the guest of her niece, Mrs. G. W. Moore.

George W. Horton, who has been visiting "Squire Horton, and other relatives, returned to his home this morning in Peoria, Ill.

Mrs. Swezey has returned to her home in Cleveland after a three months' visit with her sister, Clara Sinclair of High street.

Henry Greerson of Ottumwa, Iowa, who has been visiting old time friends in the eastern part of the county for the past two weeks, left for his home Tuesday.

Mr. and Mrs. G. F. Williams of Sandusky, O., who have been visiting relatives and friends here for some days, have returned home, after having had a most delightful visit.

The Rev. Hugh A. Smith of Eton, Ohio, was the guest of his uncle and aunt, Mr. and Mrs. Frank Fowler of Valandigham street, during the conference of State Churches.

Misses Lucy Schaller and Emily Hamilton of South Sixth street, are spending the week in Columbus with friends and relatives. They will also attend the O. S. U. reception and dance tonight.

Mrs. Evan Jenkins, who has been visiting relatives in Greenville, Ia., and Cambridge, is the guest of her sister, Mrs. John Albright of Williams street. Mrs. Jenkins is enroute to her home in Seattle, Wash.

Dr. S. O. Bentley, formerly a well known and prominent druggist of this city, but who has been making his home in Bowling Green for a number of years, is visiting at the home of Mr. and Mrs. E. S. Franklin, on North Fourth street for a few days.

Mrs. William A. Galloway and daughter Evelyn of Xenia were visiting with friends in the city Monday. This is Mrs. Galloway's first visit in Newark for fifteen years, when her parents, the late Captain and Mrs. W. C. Lyon moved away from the city.

Mr. and Mrs. W. J. Fulton and niece Hazel Young of Cherry Valley, went on the 5:45 Panhandle train to Columbus this morning on their way to visit their sons, Harry and Robert, who live about 10 miles southwest of Richmond, Va. They will be gone a month.

A large delegation from the Godman guild attended the charities convention held in Newark Saturday and were guests at the luncheon given Saturday evening. Among them were Prof. W. A. McConzie, president of the guild; J. W. Wheeler, head resident and Misses Alta Channing and Lola Yerkes, heads of different departments of the guild. E. J. Macbushen, boys' supervisor, also attended.—Columbus Dispatch.

When Every Moment Counts Grape-Nuts

is a splendid food to have handy. It is fully cooked, and can be served in an instant—and contains more and better nourishment than meat, bread or potatoes, for rebuilding brain and nerve centres.

RACING IN HOBBLE SKIRTS IS LATEST DIVERSION OF FUN-LOVING PARISIANS

—STARTING THE HOBBLE-SKIRT RACE—

Paris has found a use for the hobble-skirt. Racing in hobble-skirts has been tried in Paris as a substitute for the barrel-race of America. The young women who last week tried to speed in the new skirt found they could not make any speed records, but did succeed in making fun at a Parisian picnic.

Ivory Soap is cheap; a cake of it costs only a few cents.

But please, please, don't buy Ivory Soap because the price is small.

Buy it because it is made of good materials; because it contains no "free" alkali, and because it will not injure the finest fabric or the most delicate skin.

AMUSEMENTS

KEITH VAUDEVILLE.

One of the best shows ever offered is to be seen at the Auditorium theatre this week for the first three days. From the rise to the fall of the curtain on the last act there is not a dull moment.

The first curtain lifts with Cole & Hasting, in a refined singing act, and also it may be said a very attractive one. The first song is a cowboy lay and is in costume. The woman member of the team has a remarkable voice, both with regard to quality and strength. The next is an Indian serenade, with the stage set with a tepee and fire, and is given in costumes worn by both the singers before entering an Indian school. The act closes with an Indian war dance.

Kelly & Catlin, the coon and the Chinaman, seemed to have the particular brand of comedy that amuses, for their audience was constantly convulsed with laughter and they were forced to respond to several encores.

One of the daintiest sister teams to appear here of late is the Gould Sisters. They are character change artists and dancers. The singing of several character songs by one and her impersonations of Anna Held and Harry Lauder were very clever. Their act is beautifully costumed, especially the last turn.

A live little comedy playlet is put on by Lizzie Evans and Lloyd Jeff called "Turning the Tables." The idea conveyed by the sketch is a new one and both the principals are very capable people. They carry on the comedy with vim and it has a happy little ending.

The big act, which will remain over the entire week, is the Ishiwaka troupe of Japs. This is one of the best Jap acrobats acts in vaudeville. There are four of the Orientals and their work is nothing short of wonderful. Their hand balancing is made a feature.

The picture films deal with the serious and comical.

ORPHEUM THEATRE.

Manager Bassett of the Orpheum is to be congratulated on his attraction for this week. Last night at the first performance he turned people away and the second house saw the theatre filled.

The offering is the presentation of Mark Lea and the "Aviator Girls," by Jones Lea & Eisman, and it is a real live musical comedy, on a small scale—not such a small scale, either as the essentials are, or as the fun is the really of the act is funny.

This will Stop Your Cough in a Hurry

Save \$2 by Making This Cough Syrup at Home.

This recipe makes a pint of better cough syrup than you could buy ready made for \$2.50. A few doses usually conquer the most obstinate cough—stops even whooping cough quickly. Simple as it is, no better remedy can be had at any price.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite and is slightly laxative, too, which is helpful. A handy remedy for hoarseness, bronchitis, asthma and all throat and lung troubles.

The effect of pine on the membranes is well known. Pinex is the most valuable concentrated compound of Norwegian white pine extract, and is rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

This Pinex and Sugar Syrup recipe has attained great popularity throughout the United States and Canada. It has often been imitated, though never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

comedians and lastly, a surprising amount of beautiful costuming.

The show opens with a vim with a catchy popular song by a chorus of six very good looking young women well trained and possessing very pleasing voices. There isn't any plot to the show, but there never is in a musical comedy, anyway. Mark Lea is seen as a Jewish comedian, and his songs and character work all went big. The German comedian, Billy Foster, is vastly funny, and all his songs proved big hits. J. B. Cunningham is a singer of ability and a yodeler of much merit.

There are many changes of costumes, in fact just as many changes as there are songs, and there certainly are a number of songs. "Call Me Up Some Rainy Afternoon" shows a mackintosh chorus with each girl armed with a miniature telephone. Then there are the Bowery chorus, the Baseball Girls the Dollbaby chorus and many others.

The comedy is all clean and good and the entire show seems to have got on to the big stuff of the big musical productions and they are using it to advantage.

The bill remains the entire week and is bound to prove a big drawing card.

AT THE COLONIAL THEATRE.

What is billed as the most colossal show on tour this season, "Lew Fields' big musical production, "The Jolly Bachelors" will be next week's attraction at the Colonial theatre. Columbus, where it will be seen, beginning Monday, Oct. 24.

There are 20 musical numbers, not to mention an even half dozen of specialties.

The spectacular settings include a view of a charity bazaar conducted on the lawn of a country gentleman, the exterior and interior of a Fifth avenue drug store, the exterior of a college dormitory with two score students revealed in their rooms on each of four floors, the exterior of an airship garage; the flight of an airship crowded with passengers through a maze of moving clouds and a cross section view of an ocean greyhound. This last set is said to be the most elaborate ship scene ever staged.

Stella Mayhew, most unctious and genuinely funny of all the American comedienne, has the leading role. She sings four songs, including two of the coon numbers for which she is famous. In one scene she impersonates a "yaller girl" in a hobble skirt in a way to draw tears from the most hopeless of misanthropes.

There will be matinees on Wednesday and Saturday. Mail orders are now being filled when accompanied by money order and self-addressed stamped envelope. The night prices will be 50c to \$2.00. The matinee prices will be 25c to \$1.50.

AT THE SOUTHERN THEATRE.

Lillian Russell is coming to Columbus at the Southern theatre, on Monday and Tuesday, Oct. 24-25, in her newest vehicle, "In Search of a Sinner," a comedy in three acts by Chaglot & Thomson. The story itself is quite unique and has an especial appeal to the feminine portion of the Russell audiences. The idea suggested in the title is carried along through a series of complications that retain the spirit of comedy, but are funny enough to be accepted as farce.

Miss Russell presents a vivacious picture of a widow who has just decided that if she marries again her husband will be less a saint, but correspondingly human. Falling in love, her plan is upset by the fact that the man is recommended by her friends as a better fellow than her first husband. Inasmuch as the undeviating goodness of the latter became a perfect bore, the widow set about to try and make the other chap believe he is a sinner. When she finds that she is succeeding, she changes her mind and gets busy trying to win him back. Miss Russell's supporting company is an excellent one.

FIRE SALE TOMORROW MORNING AT STEPHAN'S.

PLAYWRIGHT AND AUTHOR DIED MONDAY

Chicago, Oct. 18.—The body of Wm. Vaughn Moody, poet, play writer and critic, who died in Colorado Springs late yesterday will be brought to Chicago for burial according to his associates at the Chicago University today.

At the age of 41 Moody had achieved unusual distinction in literary fields and as a playwright. One of his best known was "The Great Divide," played for several years by Henry Miller. Moody has been ill for more than a year with tumor of the brain.

POLICE SAVED MAN FROM MOB

Canton Oct. 18.—Cries of "Hang him" and "Lynch him" greeted Jacob Wright, aged 35. When it was reported that Wright had murdered Cora Hammers, aged 12. Wright started to run and all that saved him from violence at the hands of a crowd of 50 men was the appearance of police.

Kills a Murderer.

Dry Your Clothes on a Wet Washday

With a New Perfection Oil Heater

When clothes can't be hung outside, and must be dried in a room or cellar, the New Perfection Oil Heater quickly does the work of sun and air. You can hang up the wet clothes, light your Perfection Oil Heater, open the damper top, and the heat rises and quickly dries the clothes.

Do not put off washing to await a sunny day in order to avoid mildew. Dry your washing any day with hot air from a

PERFECTION
SMOKELESS
OIL HEATER

Absolutely smokeless and odorless

It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. Burner body or gallery cannot become wedged, because of a new device in construction, and can always be easily unscrewed for rewicking.

An indicator shows the amount of oil in the foot. Filler-cap does not need to be screwed down, but is put in like a cork in a bottle, and is attached to the foot by a chain. Finished in Japan or nickel, strong and durable, well-made, built for service and yet light and ornamental. It has a cool handle and a damper top.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

"THE AVIATOR GIRLS," IN THE BIG MUSICAL COMEDY AT THE ORPHEUM THEATRE THIS WEEK.

NEWARK HARDWARE CO. No. 23 West Main Street

MILD, GENTLE LAXATIVE FOR WOMEN GIVEN FREE

So many of the ills of women are due to habitual constipation, probably because of their false modesty on the subject, that their attention cannot be too strongly called to the importance of keeping the bowels open. It is always important to do that, regardless of the sex, but it is especially important in women.

From the time the girl begins to menstruate until menopause ceases she has always vastly better prospects of coming through healthy if she watches her bowel movements. If you find yourself constipated, with bad breath, bloated complexion, headaches, belching gas and other symptoms of indigestion and constipation, take a small dose of Dr. Caldwell's Syrup Pepsin. It is a woman's favorite laxative. You will find that you can do away with salts, strong cathartics, etc. which

are entirely unsuited to woman's requirements.

Mrs. Katherine Haberstroh of McKees Rocks, Pa., and Mrs. A. E. Herrick of Wheeler, Mich., who was almost paralyzed in her stomach and bowels, are now cured by the use of this remedy. A free sample bottle can be obtained by addressing Dr. Caldwell, and after you are convinced of its merits buy it of your druggist at fifty cents and one dollar a bottle.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him: Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

CHARITIES AND CORRECTIONS

(Continued from Page 1.)

tablished for the normal children, and for the delinquent and defective children, who are so encouraged to do something really worth while. Bodies are strengthened, and mental activity more highly developed than by any other means. A garden has been established also for the "incurable" boys of the juvenile court, with wonderfully satisfactory results.

In the Kitchen Garden, the boys and girls raise vegetables which they learn to cook in the school kitchens. In the Industrial school, for the larger boys

Report of Committee on Resolutions

In parting with the good people of Newark the delegates to the Twentieth Annual State Conference of Charities and Correction, united in expressing their hearty appreciation of the gracious hospitality they have met at every turn, and of the care taken by the several committees in charge of the arrangements for and conduct of the Conference, which were attended to

EDWARD N. CLOPPER,
Ohio Valley Secretary of the National Child Labor Committee

and girls who are indifferent to ordinary training, an effort is being made along industrial lines. For the normal children, the work is of course more largely educational. Every effort is made to supply them with the finest ideals of flowers and vegetables. The Cleveland press has aided the movement by the distribution of bronze medals, and a silver cup has been the trophy awarded the school showing the best percentage of results. Through the generosity of other Cleveland papers, the Garden Magazine has been sent to those children doing the best work. Last year there were in Cleveland thirty thousand home gardens, and their influence in the congested quarters of the city is incalculable. Men of influence and culture are entering into hearty cooperation with the work, which has never been regarded as a fad. The fruits of the labor certainly have been very gratifying.

At the conclusion of Miss Miller's address, Rev. J. A. Bennett offered, for the consideration of the Newark members of the audience, a resolution expressing the pleasure Newark has received from the conference. On second by Mr. F. L. Bezgs, the motion was heartily carried.

The president closed this concluding session with an earnest appeal to his hearers for the extension of the organized work, and by a plea for the success of the 1911 conference in Toledo. The conference secretary, Mr. Shirer, closed the work with an invitation to Newark citizens to register, and so become an integral part of the conference.

Report of Committee on Organization

The Committee on Organization respectfully recommends to the Conference the adoption of the following resolution:

Resolved: That as members of the Ohio State Conference of Charities and Correction we respectfully suggest to the Executive Committee that the rules of procedure at a conference be so amended as to provide for the election of a chairman and secretary by each group holding section meetings, who in addition to the usual

F. H. MLEBAN,
Of New York,
Who Delivered An Interesting Address Monday Night.

so perfectly as to merit the unqualified praise and grateful thanks of every member of the Conference, which we take much pleasure in expressing, and in this word of thanks we would include all Newark people who have contributed in any manner to the success of the Conference and we wish for them and for their beautiful city the relief gain that is the golden promise for good will expressed in gracious ad.

In retrospective we see Judge E. M. R. Brister earnestly pleading the cause of his beloved home city as a meet and place for this Conference, with a heart devotion unshaken by failing physical powers, and with sorrow we deplore that he is not now here to meet and greet the hundreds of his Ohio friends who have come to Newark upon the invitation he so urgently presented. But we rejoice that in the good work he accomplished in official life as a conservator of natural resources of humanity in the boy and girl he set an example that will be an uplift to all who know of the seedling and the fruitage thereof. In faith we may say of Judge Brister that he is in realization of the glorious promise of the Master when he said: "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto Me."

The varied addresses and papers as presented by regular program during the Conference have been pregnant with well-digested thought and practical suggestion, along with the idealism that ever impels the worker for the betterment of mankind, so that their good influence will necessarily reach all parts of the state through the impressions made upon the minds and hearts of the delegates, and it is pleasing to commend all who contributed to this excellence, whether in program preparation or performance. In this connection the delegates gave their united thanks to those whose courtesy and sweet smiles of the girls from the Newark school were made a delightful feature of the session of Sunday afternoon, and too much cannot be said in praise of the entertainment which was afforded with its practical demonstration of careful and effective musical culture.

It is the sense of this Conference that the General Assembly should appropriate a sum sufficient to construct necessary cottages to relieve the congested condition of the Girls' Industrial Home at Delaware and that the members of this institution should be under the direct control of a woman, and it is recommended that the Board of State Charities take into consideration the matter in this paragraph when it comes to bringing it before the General Assembly in such manner as the law may provide.

We also recommend that the General Assembly consider the possibility of providing a home for the aged women, which we believe to be greatly needed.

Mrs. Merriman had a fortune, but she feared at times that her son Jack would run through it before she was herself done with it, and then "poor, dear Jacky—what would he do?" Jack was a lovable fellow, with lots of friends who adored him, belonged to a number of clubs—indeed, was in everything that induced the expenditure of money.

"Mother," he said to her one day after a lecture, "there's no use in my trying to get on economically here, where the temptation to spend is so great. I must go elsewhere. What do you say to my resigning from all my clubs and societies and going to a law school, where I can learn a profession that will enable me to take care of you, my dear mummy, in your old age?"

Jack Merriman that autumn entered a university located where there was nothing but the college and entered for the degree of bachelor of laws. But the leopard cannot change his spots. Jack found several rich students in the institution who had automobiles. What was there to do in the country during hours when he was not studying except to run over the smooth roads? What was more simple than to pay a few hundred dollars down for a machine and give his note on it for the rest? So he scraped together the few hundred dollars and bought a \$5,000 machine.

One afternoon during the Indian summer, when the warm sunlight shone upon the many colored leaves that were beginning to die on the trees, Jack Merriman, with Edith Ashurst beside him and Bob Overaker and Sadie Chandler on the rear seat, was running over to B. for a dinner and a ride back in the cool moonlight. He had an uncle in B. and there was danger in his going there, but he risked it.

All went well as a marriage bell till the party rode up to the hotel where the dinner had been ordered by telephone. Jack was about to take off his goggles and help Miss Ashurst out when he espied his uncle coming down the street. It was too late to push on, for those in the rear seat were getting out and the uncle was nearly upon them. In a hurried whisper Jack told Miss Ashurst that the man was his uncle and that they were all to go into the hotel. If the uncle asked questions he was not to be Jack Merriman, but Tom Oglethorpe.

When Mr. Merriman, Sr., came along Jack was at the wheel, his goggles still over his eyes, turning on the connection.

"Jack! Hello! Wait a minute!" called the uncle.

"Anything I can do for you, sir?" said Jack, the machine chugging as though impatient to be off.

"What are you doing here? And this machine—have you been wasting your mother's money?"

"What are you talking about, and who are you, anyway? I've no time to fool here. I've got to be at D. forty miles away, in an hour."

"Do you mean—putting on a pair of spectacles—to say that you're not Jack Merriman?"

"Do you mean to say that you're not a blundering old idiot? Get out of the way, I say. I'm losing precious time."

Jack started the automobile, just grazing the old gentleman's toes, and was soon out of sight. Mr. Merriman looked after him doubtfully, then, muttering something like "I'd have sworn it was he," passed on by the hotel, stopped, pondered, went back and entered by the same door that the party had gone in. They were waiting for him in the reception room. Bob Overaker accosted him in the hall.

"I say, sir, has the automobile gone?"

"The one in front of the door? Yes."

"That's too bad."

"Oh, dear!" cried Miss Ashurst.

"Tom's gone off with all the wraps. We'll have to ride home without them, and it's getting colder every moment."

"Tom! did you say?" asked Mr. Merriman.

"Yes, sir," put in Overaker. "Tom Oglethorpe, my cousin. Do you know him, sir?"

"The gentleman in the automobile," replied Mr. Merriman. "Every month resembles my nephew, John Merriman. Indeed, I was sure he was my nephew. Do you say he is your cousin? What is your name?"

"My name is Spangler, sir. Tom Oglethorpe's mother is my aunt."

"H'm," muttered Mr. Merriman. "I'm obliged to you for correcting me. I came very near making a grave mistake. Good evening."

Half an hour afterward Jack, having left his auto at a garage, sneaked in at the back door and learned what had occurred. Then, directing that no one should be admitted to the dining room, the party sat down to dinner.

Mrs. Merriman did not hear from the automobile from Jack's uncle, but later from Jack himself, who suddenly appeared at home and told her that he had given up the study of law to be married. The girl was Miss Ashurst, who was worth a million in her own right.

"And, mother," added Jack, "we're going on a wedding trip through Europe and will take you with us. I've bought the auto already for the purpose. There's money due on it, let me have a check, please."

Jack's story was true—this time.

Trial Package Free

Quickly Cures Piles At Home

Instant Relief, Permanent Cure—Trial Package Mailed Free to All in Plain Wrapper.

Many cases of piles have been cured by a trial package of Pyramid Pile Cure without further treatment. When it proves its value to you, get more from your druggist at 50 cents a box, and be sure you get what you ask for. Simply send your name and address to the Pyramid Drug Company, 270 Pyramid Bldg., Marshall, Mich., for a free trial package in plain paper.

BALLOON RACES

(Continued from Page 1.)

ing from one minute to twenty minutes. The first to weigh off was the Condor and the last was the Germania.

Following is the order in which the balloons started in the race:

1. Condor Jacques Faure pilot, Ernest G. Schmolek aide, France.

2. Million Club, S. Louis Von Phul pilot, Joseph M. O'Reilly aide, St. Louis.

3. Aurea, Captain Emil Messner pilot, Leon Givaudan aide, Switzerland.

4. Harburg III, Lieutenant Leopold Vogt pilot, Wilhelm F. Assman, St. Louis, aide, Germany.

5. Isle de France, Alfred Le Blanc pilot, Walter Demuyn aide, France.

6. St. Louis No. 4, Harry E. Howewell pilot, J. W. Tolland aide, St. Louis.

7. Helvetia, Colonel Theodore Schaeck pilot, Paul Armbruster aide, Switzerland.

8. Dusseldorf II, Lieutenant Hans Gerike pilot, Samuel J. Perkins, of Boston, aide, Germany.

9. America II, Alan R. Hawley pilot, Augustus Post aide, New York.

10. Germany, Capt. Hugo Von Abereorn pilot, August Blanckert Jr. aide, Germany.

Faure got away with only 10 bags of ballast. He tried to lift with more, but seeing that this was impossible he cut loose from the sacks shouted farewell to his friends, with the request that the band play the "Marseillaise" and gave the signal to let go. The balloon arose almost perpendicularly and floated away toward the northwest, while the crowd cheered.

Faure and Schmolek kept up a conversation through a megaphone until they were out of hearing.

Von Phul was ready for his start as soon as the club officials were through with Faure. As his balloon ascended it veered toward a grand stand, and for a moment it looked as if a collision was certain. Von Phul and his aid worked rapidly dumping out sand until the grand stand was cleared.

The Aurea got away with nearly 50

bags of ballast, while the others did not do so well. Col. Schaeck and his Swiss balloon Helvetia took a course almost due north from the aerodrome. Alfred LeBlanc, Honeywell and Hans Gerike got away in quick succession. A R. Hawley had considerable difficulty in getting a sufficient quantity of gas and though he was ninth in the order, the Germania, with Captain Anderson, was ready several minutes ahead of him, but was held back until his starting time.

President Cortland Field Bishop of the Aero Club of America was in direct charge of the contest. The race is for distance, which is to be air line measurement from St. Louis. The winner will receive the James Gordon Bennett Cup and \$2,000. The second and third prizes are \$1,500 and \$1,250.

Under the rules a landing is made if the basket touches ground or the drag rope becomes entangled in trees or trails along the ground for more than 15 minutes, or if the balloon descends in fresh water. If a balloon descends in salt water it is disqualified.

The velocity of the wind when the race started was eight miles an hour and the direction southwest to northeast.

Weather Observer Hayes expects the balloons to take a northeasterly course after they reach the higher altitudes.

All the balloons were well equipped for remaining up many hours. Oxygen tanks were in each basket for use in high altitudes.

Could Not Be Located by Liners, Which Reported at Massachusetts Wireless Stations.

Siasconset, Mass., Oct. 18. — Five westbound Atlantic liners, all in touch with each other and all anxious for news of Walter Wellman, reported to the wireless station at intervals here Monday that they had seen nothing and heard nothing of his dirigible airship America and her crew of six.

The first ship to call the operator constantly on duty here was the Finland, then 110 miles east of Nantucket, at 7.05 yesterday morning. Then came in succession the Maine for Philadelphia, the Ryndam, the Niagara, and finally the Kronprinz Wilhelm, for New York. Not a word had they heard.

All five ships had sent out the prearranged call, "W," at frequent intervals, but no word out of the silence had come to any of them. They had followed the regular westbound lanes of the trans-Atlantic travel and, taking into the reckoning their distance from each other, their wireless zone covered an area which they thought should have included Wellman if he was able to reply.

Just before the America drifted out of touch with the world her wireless operator warned the station here that "time was precious." The gasoline motors were not then running and he was depending for his sending spark on the reserve supply in the storage batteries.

If the America were still running before the wind with power shut off, it was therefore thought here last night that she might be husbanding her strength for a crucial need, not willing to expend it in gossip, however interesting it might be on shore.

All the stations in this chain and heavy rains and a violent electrical all vessels reporting to them tell of storm Sunday evening, followed by continuing fine weather and a calm sea.

W. A. ERMAN & SON SUCCESSFUL

Induced Dr. Howard Company to Make Special Price.

After a great deal of effort and correspondence W. A. Erman & Son, the popular druggists, have succeeded in getting the Dr. Howard Co. to make a special half-price introductory offer on the regular fifty cent size of their celebrated specific for the cure of constipation and dyspepsia.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver trouble, that W. A. Erman & Son are willing to return the price paid in every case where it does not give relief.

Headaches, coated tongue, dizziness, gas on stomach, specks before the eyes, constipation, and all forms of liver and stomach trouble are soon cured by this scientific medicine.

So great is the demand for this specific, that W. A. Erman & Son have been able to secure only a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon them at once, or send 25 cents, and get sixty doses of the best medicine ever made on this special half-price offer with their personal guarantee to refund the money if it does not cure.

Riches have wings, and generally fly so high as to be out of gun shot. It is a fellow with an automobile who really was a walk-over with a girl.

LIQUID CURES ECZEMA WHERE SALVES FAIL

In regard to skin diseases medical authorities are now agreed on this: Don't immerse the diseased germs in your skin by the use of greasy ointments, and thus encourage them to multiply. A true cure of all eccematous diseases can be brought about only by using the healing agents in the form of a liquid.

WASH THE GERMS OUT

A simple wash. A compound of Oil of Wintergreen, Thymol and other ingredients as combined in the D. D. D. Prescription. This penetrates to the diseased germs and destroys them, soothes and heals the skin as nothing else has ever done.

A 25 cent trial bottle will start the cure and elicit your instant relief.

Frank D. Hall 10 North Park Place.

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indecent. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the fainting touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition.

ESTABLISHED 1880 The Citizens Building & Loan Association 31 South Third Street

Solicit your deposits and asks you to investigate their methods of making loans on real estate. If you contemplate borrowing or building, let us show you where you can get the cheapest money in any amount from \$100.00 up. Give us a call and we will convince you that it is to your interest to borrow your money here. If you want a home, show us one-third and we will furnish the other two-thirds at the cheapest rate consistent with sound business policy.
